ALL KINDS OF GARDEN AND FIELD SEEDS FOR EARLY PLANTING.—THE CASH STORE—Comanche, Texas

DEATH OF MRS. W. W. CUNNINGHAM

Early Wednesday morning, March 29th, 1922, Martha Jane Cunningham, wife of the late W. W. Cunningham, quietly passed out after an illness of ten days.

Martha Jane Cox was born in Tishomingo, Miss., on November 22, 1856, and with her parents came to Texas when she was seven years old.

They first settled at Grapevine, in Tarrant county, where early in life she professed faith in Christ and united with the Lonesome Dive Baptist Church. Later the family moved to Comanche county and to the Newburg community where she united with the South Leon Baptist church of which she was a faithful member during the remainder of her life.

In June 1876 she was married to W. W. Cunningham and to this union were born twelve children, three of whom died in infancy. The other nine who survive her death are: C. C. Cunningham of Amarillo, Mrs. J. A. Lee of Comanche, Mrs. G. B. Moore of Newburg, W. A .Cunningham of Newburg, S. B. Cunningham of Comanche, Mrs. F. B. Beaty of Newburg, and J. R. Cunningham of Greenville, all of whom were at the bedside of their mother before her death.

Mrs. Cunningham was a woman who had lived a busy and useful life, training her children into Christian men and women who stand for the the same high ideals in life that their parents stood for.

She will be sadly missed by her family, her church an dby her many friends, but we know she has just passed over the river that awaits the Great Eternal Reunion.

Her remains were laid to rest in the Newburg cemetery Wednesday afternoon, Rev. Milton conducting the services.

Mrs. W. J. Armesby and baby have been quite ill this week but we are pleased to note their improvement.

Mrs. W. H. Lumpkin of Altus, Oklahoma, is here this week on a visit to her mother, Mrs. G. R. Hart.

EXPLORER HAS PLANE ACCIDENT

Clarion Pa., April 10.—Captain Roald Amundsen, the artic explorer and four flying companions narrowly escaped death at Miola, near here, this afternoon when the monoplane in which they were making a flight from New York to Cleveland, the first lap of a continental journey, turned over when it was forced to land in a field.

All the occupants of the machine were reported as slightly scratched and bruised but otherwise uninjured. Those with Captain Amundsen were H. T. Lewis of Bellefonte, Pa., H. U. Gade of New York, E. Buhl and J Ondell The addresses of the latter were not learned.

Captain Amundsen is resting at a hotel He attributed the mishap to an overheated motor which forced him to descend after he had reached an altitude of 6,000 feet. In making the landing the monoplane turned completely over. The monoplane left New York Monday.

SAMUEL BENNETT CUNNINGHAM

On Friday, April 7th, 1922, after an illness of several weeks Samuel Bennett Cunningham passed to his reward, following that of his mother by a period of only nine days.

He was the son of the late W. W. Cunningham, and was born at the family home at Newburg on Nov. 25, 1884. Here he grew to manhood under the training of good serving parents whose guidance developed him into a noble and a useful man.

In July 1899, he professed faith and united with the Baptist church where his membership continued until the time of his death.

On January 3rd, 1904 he was married to Miss Lela May Carter and to this union were born five children: Minnie, Iva, May, Letha and Samuel Wallace, all of whom with their mother survive.

Samuel was known to his friends, lived a clean, upright and consistent Christian life. He was a useful citizen and won the love and confidence of those with whom he was associated.

We cannot understand why he was taken from his family who needed him so much, but we feel that God knows best and had Divine purpose in transplanting him from his earthly home to a Heavenly one.

On Saturday afternoon his body was laid to rest in the Newburg cemetery, Rev. Milton conducting the services.

COMANCHE GROWN LEMON WEIGHED 2 1-2 POUNDS

The Cheif was the recipient this week of an enormous lemon, presented by Mrs. J. E. Morris on Dublin street, who is the owner of a lemon plant from which this excellent fruit is gathered. Mrs. Morris prizes her lemon plants very highly, and each year gathers lemons therefrom.

The lemon presented to us weighed 2 1-2 pounds, and with the exception of a minor scratch on one side, was as perfect and uniform as we ever saw, and the size of same far exceeded anything of the lemon kin we have ever been permitted to see.

The plant from which these lemons are gathered, according to our information is about fifteen years old, and was purchased from a northern grower the variety being known as the American or Pandarosa Lemon, and twenty-five lemons have been gathered from this one plant by Mrs. Morris this year.

Mrs. Morris also has a bananna stalk which she prizes very highly, and secured a considerable amount of this delicious fruit from same each year and the variety is very fine.

Aside from the many uses of this variety of lemons, the rind affords an oil which is of great value and the extreme difficulty in securing the oil makes it a very expensive product.

UNCLE PERKINS BROWN'S PROPOSITION GAINS NOTICE

The proposition made by "Uncle Perkins Brown," who visited Comanche last week, to give a cash prize of $3.00 to the one who would finish out with two lines of rhyme to complete the lines left out in his page in last week's Chief has attracted considerable attention from our readers, as we have already received several replies with the lines filled out so appropriately that the contest will be somewhat difficult to determine. However, the contest manager will do his best in the matter, as it was the last request of our esteemed visitor, "Uncle Perkins," to "award justice where justice was due," as he was so well impressed with Comanche and her people that he wanted to be very careful not to show one iota of partiality to anyone, and to assure the entire citizenship that his very best wishes were ever with them in the future.

"Uncle Perkins" was frank with us while here, and talked free relative to conditions in Comanche, and said that it was regrettable that the business concerns had allowed their moral to become as low as it seemed to be at that time, for there was no town in Texas that could be of more importance than our own Comanche, and with conditions as they were the best could not be seen. But before he left we were visited by probably more than our shar of genuine crop producing rain, and which has begun already to reveal the brighter side of the future to everybody, and our people that were once blue and meloncholy are now in the peak of optimism, business has begun to re-act and reports now are that an improvement is plainly visible, and aside from the unpleasant high winds of the past few days Comanche is going back to its former self again, and of which we all feel proud indeed.

All replies will be forwarded to "Uncle Perkins" and the winner will be published in next week's issue of the Chief.

STORMS REPORTED IN MANY TEXAS COUNTIES

The cloud that made such an ugly appearance in the northwest last Saturday carried considerable damage in its wake, according to reports from many of our neighboring counties and towns. The first report comes from Christal Falls and Brekenridge, where it is said that much property was wrecked by the wind, and several persons injured, but with only one death.

Cisco was first reported as being totally demolished by the hurricane, but later information was to the effect that only minor damage was done there, no one killed, but considerable property damage sustained and several persons received slight injury.

There has been no damage reported nearer Comanche than reported above, although it looked for a time as if we would experience a severe storm in this community.

The rain was of sufficient proportions to make the holding of the District meet impossible, which event was postponed until next Saturday.

A huge oil tank caught fire at Sapulpa, Oklahoma, Tuesday and burner for thirty-six hours causing loss and damage estimated at $300,000.00

Seed Peas, Whipper Will, Brown Crowder, Red Crowder, come and buy before all are gone, also syrup cane seed the kind you want. Maize, Fetereita, red top seeds.

LET EASTER BE A DAY OF INSPIRATIONS

ISN'T it true that in the seeming hustle, bustle and striving of business life we all sometimes lose sight of the true meanings of events, occasions, day or seasons?

Isn't this true, more or less, in regard to Easter? Are we permitting self glory, desires, ambitions, commercialisms to overshadow the day and rob us of inspirations which would mean for us happiness peace, plenty?

These few words are not aimed to preach creed nor form. Instead they are grouped in a new form of sincere invitation to every person in Comanche to visit his or her church on Easter. To let it be a day of inspirations.—Inspirations to all that is best in them.

Easter commemorates the resurrection of the Christ. An occasion which was the living proof of the victory of Life over Death. And if that be so, then frail human fears, worries, jealousies, despairs are all useless. It is to us to look to the source of our being—and we are at least striving to do this when we attempt to live the Christianity that we all know.—Each in his own way.

So visit YOUR church Easter Sunday. It will give you the inspiration to strive anew in meeting your work-a-day problems.—Dealing with fellowman—as you would be dealt with.

It's well worth the effort.

COMANCHE BUSINESS MEN ASSIST GIRL'S POULTRY CLUB

As a means of assisting and encouraging the girls of Comanche county in raising poultry in the future, and to encourage them in the work, the following list will show the interest shown in the matter by the business men of Comanche, and the selection of breed made by each of the Girl's Club Members.

It will be seen that the famous Rhode Island Red appears to be a favorite in the group, but other chickens are famous for their success as show birds, and a pen of which will be shown at the Comanche county fair to be held here in November.

Following is the list of members and the chickens they will raise, and by whom furnished:

Alberta Graham, R. Reds by Wm., Reese & Co.

Nina Mooney, R. Reds, by H. J. R. Gilie and W. M. Durham.

Beulah Jones, R Reds, by Slider & Lacy.

Lula Day, R. Reds, by Todd & Jennings and W. W. Kilpatrick.

Bonnie Carmack, 1 R. Reds, by 1st State Bank.

Fay Robertson, 1 Reds by 1st National Bank.

Lela McNutt, 1 White Leghorns, by Cash Store.

Aline Robertson, 1 Reds, by Slider & Lacy.

Nadine Dillion, 1 Reds, by Bailey Produce Company.

Mozelle Williams, 1 Red by W. M. Durham.

Mozelle Williams, 1 Red by 1st State Bank.

Lindsey Hart, 1 Red by N. N. Durham.

According to reports from the office of the Commissioner of Markets, indictments have been filed against fifty-four millers over the state for short weights of their products, and that the commissioner had received assurance from the management of twenty other mills that they would comply strictly wiith the weights and measures laws, and will co-operate with the department in enforcing the same.

JOINT EASTER SERVICE.

The Cenral Christian Church has gladly accepted Bro. J. D. Blake's invitation to join his people in a joint Easter service at Eleven o'clock next Sunday morning.

There will be some special music and a short address by Bro. C. C. Klingman.

DISTRICT TRACT MEET POSTPONED UNTIL SATURDAY

Owing to the rain and bad weather of last Saturday the field events of the District Tract Meet was postponed until next Saturday, at which time it is hoped more favorable conditions will prevail that will allow the events to be held without interference.

All the schools of the district have agreed to be present with their former determination to win all the honors entertained by their first hope, and a most interesting occasion is assured.

The declamation and debate, and all in-door events were completed at the High School auditorium Friday and Saturday .

BOB CAT CAPTURED

A large bob-cat was run down and captured on the R. C. Morris ranch last Wednesday night, A. M. Ward and R. C. Morris making the capture. They report that these marauders were very numerous in their part of the community, therefore we may hear of other expeditions into the bob-cat's territory. These critters are very fond of playing havoc with the sheep, and it is an evident fact that the above mentioned gentlemen are not in favor of feeding them. The cat which they exhibited on the streets here Thursday, was a full size destroyer and no doubt has done considerable damage. —Blanket Signal.

MELLON GROWERS ASSOCIATION MEET

The Comanche County Mellon Growers' Association met in the office of County Agent Merwin, Saturday afternoon to transact such business as was brought before the meeting, and among the most important features was the appointment of a committee to attend to the planting dates, arranging for spring melon slicing, and continning the date for closing the doors of accepting members into the associaition.

A soliciting commiittee composed of A. H. Noble, M. Odom and Fred Ellis was appointed to solicit members to the association, A. H. Noble being selected as chairman of the committee, and they at once began their efforts to secure new members to the already large number of Comanche County farmers who have joined the association.

The directors of the association pledged two mellons for each acre planted, the mellons to be used in a "mellon slicing" in Comanche and De Leon, at a date to be announced later. The melon slicing will be held one day in Comanche and the following day at De Leon, and a general demonstration of the variety of the fruit will be made on this occasion.

As will be remembered, the Mellon Growers' Association, at a former meeting, decided to close the doors of the association for membership on the 3rd day of April, but this matter was reconsidered at their meeting Saturday, and the time was extended until May 1st.

At this meeting it was suggested that the members begin planting mellon seed by the 20th of April, and 1st of May.

EASTER HUNT AT HIGH SCHOOL FRIDAY

There will be an Easter egg hunt given at the High school building Friday evening, beginning at 4 p. m.

There will be a minor admission fee charged, all of which will go to assist in the publication of the Arrow Head. There will also be prizes given for the most successful "egg hunter" which makes the occasion all the more interesting for all patricipants. Three prizes will be given as follows: The one finding the greatest number of eggs will receive a cash prize of $3.00, the second $2.00 and the third, $1.00. Either of the prizes will be well worth the time spent, aside from the real fun there is in searching for "old Bunny's" nest.

The price of admission will be one dozen eggs and ten cents in cash or two dozen eggs without the accompanying cash. A great time is anticipated and everybody is invited. Eggs will be accepted for the hunt at the school building until one o'clock p. m. Friday.

It is not necessary to attempt to explain the real fun of hunting Easter eggs, as there are few indeed who have not participated in such festivities in the past, and it is an amusement that never grows old, and is enjoyed by all ages. They are looking for you to be there. Go.

We are authorized to announce D. L. (Lee) Morris, as a acndidate for Commissioner, Precinct No. 1. Mr. Morris has lived in Comanche county for many years and is familiar with the needs of his precinct, a good business man, and if elected will fill the office with credit to himself and his constituents.

HOLDER MAN FINDS PETRIFIED CURIOSITY

Mr. C. C. Boyd of Holder was exhibiting on the streets of the city Thursday a rare find in the way of a petrified curiosity.

It was a bowie-knife scabbord turned to stone. The scabbord apparently was originally made of rawhide. In the course of its petrifaction it had accumulated certain foreign particles of dirt and gravel that added to its size. The scabbord was originally about eight or nine inches long by two or three inches wide. In petrified form it was slightly larger.

Mr. Boyd says he found it on top of the ground on the mountain three miles west of Holder How old it is, is hard to say. Doubtless it was made and owned by some wild Indian warrior way back a hundred years or more ago. Could it speak it could no doubt tell a wieird tale of savagery and death. Perhaps the scabbord petrified on the spot where its savage owner fell and died and where the shifting soil of centuries destroyed all other remains of a human being save this mute instrument which he employed for his defense and protection.

FIRE WRECKS SIPE SPRINGS SATURDAY NIGHT; LOSS HEAVY

The correspondent to the daily press from Sipe Springs in reporting the fire which destroyed a good portion of that village Tuesday morning, says:

"Fire believed to have been of incendiary origin early this morning destroyed four buildings, entailing an estimated loss of between $50,000 and $75,000.

Two men have been arrested and are being held in the county jail at Comanche until a complete investigation can be made of the cause of the fire, officers stated.

short distance east of Sipe Springs shortly after the blaze was discovered. The other was taken into custody at Dublin late Wednesday afternoon, and taken to jail at Comanche.

The fire started in the Foust lumber yard and rapidly spread to adjoining buildings. Other buildings destroyed included a hotel, warehouse and garage. All the buildings were of wooden structure.

Officers were told that two men in an automobile had been seen traveling away from the fire soon after it started. Officers took up the trail and discovered the auto and one man a short distance from here. The car was stuck in the mud and the windshield had been broken, the man said, when the car ran against a stump. Blood on the car indicated that the other person had been hurt in the wreck. A can partly filled with kerosene was said to have been found in the car.

The man at the car was taken into custody immediately. The man arrested at Dublin, bore bruises and cuts about the face, officers said.

According to reports from those who questioned the injured man, he stated that he had been in a fight, but was unable to tell where, or with whom he had the encounter.

Further investigations are being made by Attorney Holloway and Sheriff Marshall, and it is understood that all evidence points to an incindiary origin of the destructive fire.

MRS. SUSANNA H. SPRINGSTEAD

Another faithful mother has been called from this earth to wait for the resurrection morning, when the saints will be crowned with glory.

Mrs. Susanna H. Springstead was born in Fayette county, Texas, Aug. 23, 1849, died March 22, 1922. She was married to Charles Springstead April 30, 1868. Nine children were born, five girls and four boys. All lived to be grown except two boys. All girls are married, but the two sons living are still single. She was living with her youngest son at her death. Her youngest daughter and both sons were at her bedside at death. She has been a faitihful Christian and a member of the Seven Day Adventist church the past 23 years. She was loved by all who knew her. Her remains were laid to rest at Keene Texas, March 23 where many frinds and relatives mourned her death.

We extend our thanks to the many friends who showed their kindness in helping her in her last days of suffering, which was eight weeks.—Luke Springstead.

INTEREST IN BASE BALL TEAM CONTINUES TO GROW

That Comanche will have a better base ball team this summer than has ever been maintained in the town in the past appears to be the main consideration of the people of the town, and interest is growing in the matter daily. It is hoped that at an early date that plans will be completed whereby the organization of the team will be perfected, and other preparation made to begin spring practice in order to get an early start with the seasen.

The fact that many nearby towns have already begun practice and will be ready to begin play early in the summer is all the more evident that it will be to Comanche's interest to begin early to get the benefit of the short visits before going very far into the season without thenecessary practice to place our players on an equal with their opponents.

De Leon has intimated that Comanche is the first team of their choice in the new season, and as Comanche hopes to have a team equal to the best we do not have any particular choice in the matter, but will give all contenders an interesting contest.

CITATION BY PUBLICATION
THE STATE OF TEXAS,

To the Sheriff or any Constable of Comanche County—Greeting:

You are Hereby Commanded to summon J. L. Dove by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 52nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 52nd Judicial District, to appear at the next regular term of the District Court of Comanche County, to be holden at the Court House there of, in Comanche, Texas, on the 3rd Monday in April, A. D. 1922, the same being the 17th day of April A. D. 1922 then and there to answer a petition filed in said Court on the 31st day of August A. D. 1921 in a suit, numbered on the docket of said Court No. 6480, wherein Ruby Dove is Plaintiff, and J. L. Dove is Defendant, and said petition alleging, that plaintiff has resided in Comanche County, Texas, six months next preceeding the bringing of this suit and has been a bona fide inhabitant of Texas for more than one year next before bringing this action. That on or about May 1st, 1920 she was legally married to defendant, that they continued to live together until January 1, 1921, when plaintiff by reason of the cruelties, outrages, violence and danger of violence to herself and her small child by a former marriage was forced to and did permanently separate herself from defendant. That while she lived with defendant she was kind and affectionate to him, always caring for the duties of her household and in every way assist him in making a living and was economical in the administration of her household affairs, but defendant unmindful of his marriage vows and obligations about two months after said marriage began a studied course of abuses and insults toward her and would threaten her life and would publicly accuse her of the crime of adultery, which was false and untrue and continued such treatment until the time of the said separation. That conduct of defendant was such that it rendered their living together as man and wife altogether insupportable to this plaintiff. And plaintiff prays for a divorce from said defendant and judgment for costs of suit and for such other and further relief, special and general as she may be, in law and in equity entitled to.

Herein Fail Not but have before said Court, at its aforesaid regular term this writ with your return there on, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Comanche, Texas this the 16th day of March, A. D. 1922.

DAMP, CHANGING WEATHER

Brings Its Toll of Sickness to Comanche People.

Chilly, damp, changing weather is hard on the kidneys.

Even more irritating are colds, grip and pneumonia;

They conjest the kidneys;

They bring backache and disordered kidney action.

For weak kidneys use a tested remedy.

Comanche people recommend Doan's Kidney Pills. Ask your neighbor.

J. B. Payne, farmer, Comanche, says "Some time ago I felt the need of a medicine to strengthen and regulate my kidneys. Any change in the weather would bring on a pain in the small of my back and my back would get lame and sore. It would hurt me to bend over and to straighten up. I had read about Doan's Kidney Pills and heard people tell how good they were, so I got a box. Doan's proved to be just what I needed and fixed me up in fine shape."

SIDNEY NEWS.

Another heavy rain fell here Saturday morning which has put a fine season in the ground and farmers are stepping brisk with a smile.

The last Friday in this month will be work day at Stag Creek cemetery, it being the 28 day of the month. Remember the date and all interested come early.

Dr. E. A. Chastian of Sidney is moving his stock of drugs to Pioneer where he will continue the business and we wish him much success.

Auby Graham attended the Gap school play Saturday night, a large crowd being present and a nice program was rendered.

Sidney school will close Thursday with a picnic Friday and other features of the day, and it being one of the most successful terms ever taught here and most patrons should be very proud of the teachers.

Miss Lonnie Reese was at Comanche last week taking an examination for teachers certificates.

Miss Mozell Bagley spent Saturday night and Sunday with her brother Os of Gap.

Rev. Smith of Brownwood held services at the Baptist church Sunday night.

Had quite a brisk wind here early Monday morning with a light rain.

Grandpa Chapel is quite feeble from the effects of the Flu.

Monday we had one of the most damaging sand storms that ever occurred here and it almost ruined all growing crops and most all had to fast during the day. But this being Texas we are not surprised at any thing that may occur as it is sure to be drouth, cyclone, sand storm or excessive rains so regardless of what comes we have to take the consequences.

RUCKER.

This part of the country was visited by two pretty heavy rains last week and some wind but didn't do any serious damage, blew down some out buildings on the Kidd Hammitt place.

Mrs. J. C. Higginbotham left for Brown county last Sunday and hasn't returned yet.

Rev. Skaggs filled his regular appointment at Liberty Sunday. Rev. G. A. Herndon also was with us and spoke on the Seventy-five million campaign Sunday eve. Also preached for us Sunday night.

The health of our community is good at present.

Watch The Results!

Pimples, blackheads, boils, etc., begin to disappear almost "while you wait." You will feel an almost immediate increase in your ability to tackle hard work. And as for putting new, firm flesh on your bones—thin folks report gaining five pounds and more on the first package of Ironized Yeast!

Yeast Best With Iron

Ironized Yeast is pleasant to take and will not cause gas or in any way affect the stomach as it contains a specially cultured yeast which is grown under the strictest supervision for medicinal purposes. The reason it brings such splendid results is because it supplies thin and run-down folks with the three vitamines, which though vitally essential to health, are lacking in the modern diet. But more than that, it supplies your blood with the iron needed to make it rich, red and strong. Vitamines alone are fine—but when taken with iron, as in Ironized Yeast, they bring their good results **just twice as quickly**, in many cases.

Try Ironized Yeast Today!

If you want to banish skin eruptions and quickly acquire a fresh, youthful, clean-looking skin—if you are thin and run-down and want to fill out your figure with firm hard flesh and increase your energy so that work will be a pleasure instead of a tax—then try Ironized Yeast at once.

Just mail coupon as directed above for the wonderful Three-Day FREE Trial Treatment. You will very likely be amazed at the improvement just three days will show in you. Test it absolutely FREE! Mail coupon today.

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. "I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person.

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.

A TRIBUTE

Tread softly in this sacred place
Twice dedicated unto God
For martyrs of heroic race
Have sanctified with their blood.

To teach the lessons of his faith
In pious love these stones were piled
Ere tyranny, with poisonous breth,
Its holy altars defiled.

Here bowed the monk in simple were piled
Here deads were told and messages sung
Hence over Bexar's plaines afar,
The bells of God their messages rung.

And here, when Liberty oppressed,
Took refuge from the tyrant's wrong
Her loyal sons with dauntless breast
Around her drew their cordon strong.
A hero's soul in every eye,
Bright with a hero's purpose grand,
For liberty, if need to die.
Or living, in her name to stand.
Who reared these walls, 'neath smiling skies,
To spread the Gospel's Peace afar,
Ne'er dreamed an Empire hers should rise
'Mid the wild hurricane of war.
High blazoned on the scroll of Fame
Forever stands Thermoplae,
And Blackava's hills of flame
Far echo England's bravery.
But where shall prouder banners wave
In nobler triumph o'er its foes.
Than Oppression found its grave
And Freedom's bright Lone Star arose.
These strains upon thy crumbling stones
Mark where those dying heroes fell
But ages hence in trumpet tones
Shall Fame their triumph tell.
Their leader drew with sacred blade
Upon the sand that fatal line;
"Who crosses this line with me" he said
"For Liberty leaves all behind.
'Flee those who can—come those who will,
For where can death more welcome be,
Than where yon flag is waving still,
The emblem of the Noble Free.
"Our leaguering foes, a score to one,
The mandates of the tyrant's bear
Our help must come from God alone,
For man no longer heeds our prayer.
"Then come with me, who will to stand
Where Honor's blood-stained pathway lies,
As on the Altar of our Land
We lay a Freeman's sacrifice."
Fit every eye with battle frame
Blanched not one hero's cheek with fear,
But while Death called that Roll of Fame
Each ringing voice responded "here"
Brave hearts who heard that stirring call
And forward pressed with eager tread,
A rescued country mourns you fall
Who thus her priceless ransom paid.
For deeds like yours no fitter shrine
On earths broad bosom could be found;
All temples reared to Love Divine
Are freedom's holiest battle ground
Live On! Your nanmes shall glory wreathe
Where Freedom's fires shall brightest glow
And ages yet unborn shall breathe
The spirit of the Alamo.

Dr. L. J. Mims, president of the Howard Payne College, at Brownwood resigned his position as the head of of the school last week. The resignation has been accepted by the board of trustees to become effective June 1. Dr. Mims was with the First Baptist Church of Brownwood for 9 years as pastor and has been head of the Howard Payne College for the last four years.

We are sorry that we do not have more room to tell of the reduction, but the Chief has been reduced to one dollar per year.

MAN HANGS SELF TO ROOF OF BARN

The body of Frank Pimberton of Burleson, near Cleburne was found hanging from a rope in a barn belonging to his brother, T. J. Pimberton, following a search made for him after he had been missing from the house.

Pimberton had been visiting his sister-in-law, who was sick and disappeared from his room during the night. Relatives suspected that he was slightly deranged as he spoke of being afraid the officers would get him.

The body was taken to Cleburne where it was prepared for burial then shipped to Milano Junction for interment. Deceased leaves a wife and eight children as well as several brothers and sisters.

Burglars with a tooth for cheese broke into two meat markets at Waxahachie a few nights since. They found no money at either place and they turned their thoughts towards food as probably they were very hungry.

A farmer by the name of Hornsby and his small son, living on a farm in the northern part of McCullough county, near Brady, were drowned Saturday while attempting to ford the Colorado river. They had started to Brownwood in a wagon and drove into the river, which was on a five foot rise, and the water was so swift they were soon swept away with the wagon and team. The bodies were found late Sunday evening.

WOMAN MAYOR AND COUNCIL GIVE WAY TO MEN AT JEWETT

At a recent election at Jewett Texas the ladies who had directed the affairs for the city for the past two years stepped down and out and permitted the men to assume control.

During the two years of feminine administration there was not an arrest made nor a session of criminal court held within the town. The administration gave its attention to civic improvements and to efforts to make a cleaner and better community and their efforts were very successful.

Jewett has the distinction of being the only Texas town that has been governed entirely by women.

The five almermen elected to succeed the five alderwomen were all husbands of the women.

A bright spot in the page of current business and one indicative of a return to better conditions over the country generally is the report of President E. G. Wilmer of the Goodyear Tire and Rubber Company to the stockholders at the annual meeting this week. Net sales for the 10 month period since the reorganization of the Company, were $9,640,235. After deducting interest and fixed charges including miscellaneous investments, there remained a Net Balance to Surplus of $3,620,043. Cash and U. S. Treasury Certificates were $23,892-820. Although current liabilities included accrued interest and premium on bonds amounting to $1,371,574, the ratio of current assets to current liabilities was over 10 to 1. Production at the Akron plant, says Mr. Wilmer, which reached a low mark of 13,500 tires per day in November, (as against 7000 a year ago) was increased to 19,000 in January, to 20,000 in February and 22,000 in March. In spite of the seasonal curtailment of tire buying the company's volume of business during the winter months far exceeded that of a year ago, he said, and despite a substantial price reduction, the operations have been conducted profitiably. Neither the Company nor its subsidiaries have today any indebtedness to banks. The Goodyear Tire and Rubber Company of California and the Goodyear Tire and Rubber Company of Canada, Ltd. continue to show satisfactory current earnings, and export business, after adjustments due to depressed exchange abroad, has been conducted at a profit since January.

FARMING

"The cultivation of the earth is the only trade which God ever commanded any man to exercise. And it seems to have been a part of the Divine economy to surround it with attractions. Our natural organization is fitted for the country and not for the town. The human eye is so formed that it rests with pleasure on green and blue and cannot endure any other color for a long time with injury Our sense of sight is never so much delighted, because never employed in a manner so congenial to the nature of its organ, as when we look upward into the clear blue heavens, or abroad upon the green earth. When man was entirely blessed he was placed in a garden—not merely a patch for cabbages and potatoes, three perches square and close by the side of a paling fence—but comprehending grounds of vast extent and boundless mangificence, adorned with flowers and enriched with fruits. Hill and dale and fountain, shady walks and sunny slopes, rich fields and verdant meadows, with four great rivers rolling through them, made a landscape such as no eye has ever seen since the fall. It was here that heaven and all happy constellations shed their secret influence on the marriage of our first parents. Imagination has never painted a scene of perfect happiness without similar surroundings. Scenes of Idilian beauty form the principle feature on the heaven of every religion whether true or false. The Elysian fields of the Greek mythology, and the Paradise of Mohamet are ready examples. The land which flowed with milk and honey was, to the Jew a type of that better country to which he should go after his journey through the wilderness of life was closed. And many a Christian, when his soul recoiled from the dark stream of death, has felt his courage revived by the assurance that sweet fields beyond the swelling flood, stand dressed in living green.

Other occupants are followed for the wealth and fame they produce, but agriculture is crowded wiith ameteurs, who pursue it for its own sake and thousands feel the same desire whose narrow means forbid them to indulge their wishes. When Cincinnatus abandoned the leadership of the mightiest empire in the world to hurry home and finish his plowing and when Washington retired from the Presidency to cultivate hi farm, they both yielded to an inclination as common as it is natural." To an Agricultural Society.

CALLAWAY PROMINENT IN DECIDING NAVAL BILL

The Past and the Present

Readers, in going over the following articles note the contrast in the power of the Congressman who represented Comanche in 1916 and the one who represents us now.

The following associated press dispatch and special report appeared in the Ft. Worth Record of May 19, 1916:

Administration Loses In House Committee.

Washington, May 18.—Administration forces in congress lost the first skirmish in the naval preparedness campaign today when the house committee broke a five-day deadlock and completed the naval appropriation bill.

After five months of work the naval affairs committee of the house has completed the naval appropriation bill. The committee voted today to report it to the house. It differs very materially from the naval building program outlined by the administration forces last December upon the convening of congress. The five-year programme has disappeared entirely and no dreadnoughts are provided for. The bill carries provision for five battle cruisers, four scout ships and twenty submarines.

Aside from this, chief interest will center in the provision for a commission of nine citizens of the United States, to be designated by the President at the conclusion of the European war, to confer with like commissions of other powers looking to the creation of an international court ofarbitration and drafting of a disarmament agreement. As soon as this agreement becomes effective, then all building provided for in the present bill is to cease.

Interest in Texas will center chiefly in the work of Representative Callaway, the Texas member of the committee. His assignment to the naval affairs committee was rather spectacular, he having been solicited by Majority Leader Kitchen to surrender his seat on the judiciary committee to undertake the work on naval affairs Kitchen said he wanted a man who could not be stampeded, who had courage and ability to think for himself. The Texan justified Kitchen's confidence, for he entered upon his new task with characteristic vim and vigor. It was Callaway upon whom the five Democrats on the committee who were opposed to the five-year programme leaned for support, and to whom they looked for direction

He led the fight from the start. Today he was congratulated by those who believe that too heavy a naval programme should be avoided until after the lessons of the present European struggle had been learned. Leader Kitchin e\' said he was more than gratified at the result of Callaway's work; that the Texan had developed the evidence, had made a determined fight and had been indefatigable in his effort to prevent adoption of an excessive naval building programme.

Congressman Callaway said the bill as finally agreed upon is not all that he had desired,

That the Democrats have not been remiss in providing for the navy, he argued, could be proved by the one fact that the two dreadnoughts authorized last year are greater in fighting strength than the combined sixteen battleships President Roosevelt sent around the world in 1908 to awe all nations, and that these two dreadnoughts are forty-two times greater in fighting strength than the Oregon of Spanish war fame.

In addition to making his fight to the naval affairs committee, Callaway also aided in organizing the body of thirty Democrats in the house who bound themselves to re**sist further stamp taxes or a gasoline tax in raising funds to meet the cost of the preparedness programme. This organization in the house has been sufficient in strength to convince the ways and means committee that income, inheritance and munitions taxes would have to be relied upon to provide the money required to meet the cost of the additions to the army and navy.**

According to recent reports from the United States Department of Agriculture, the boll weevils will be more detrimental to the cotton crop this year than at any other time past. The report says in part: A heavy infestation of boll weevils in the cotton belt this season is indicated by observations made at the Delta Laboratory, Tallulah, La., where for a number of years the Bureau of Etomology, United States Department of Agriculture, has been making a series of studiies each season to serve as a basis for predictions regarding the severity of spring infestations of the pest. The records for 1922 have just been completed, and a comparison with similar records for the last eight years points to a heavier emergence of the pest from winter quarters than in any previous season during that period. Cotton farmers this year in deciding upon whether to reduce or increase their acreage are cautioned to take into account this prospect of an abundance of boll weevils.

CENTRAL CHRISTIAN CHURCH AND SUNDAY SCHOOL

Last Sunday we went jumping in attendance at Sunday school. (They tell me.)

The "flu" got me last week and I could not be there last Sunday.

Say folks, Sunday is Easter and there is only one of these days each year.

Every living soul owes it to the Lord to positively be at church Sunday on account of "The Blessed Risen Lord" and what he is to us.

People, come to Sunday school Sunday and let's fill this house and make all the teachers glad.

The young people's class room was almost full last Sunday, but we want it completely filled Sunday; some one will welcome you.

We want 100 men and women in Dr. Klingman's big Bible class Sunday to hear the wonderful fine lecture he will give you beginning at 10:00 and closing at 10:40 A. M.

Parents please bring all your little fellows to Sunday school Sunday and turn them over to Mrs. Vaughn for the big Easter lesson she has for them.

The Camp-fire girls class went ahead of the Boy-scrouts class Sunday in attendance and for Sunday the girls want 24 in their class from 8 to 12 years of age.

The boy scout class has something good for every boy from 9 to 16 years of age and they want 40 boys there Sunday.

Boys come to Sunday school Sunday in large numbers for it is Easter and it is right that you should come.

And every one in this whole country is invited to be present at the Central Christian church Sunday night for the big Easter program by the primary, Junior and Senior departments supervised by Mrs. J. M. Vaughn, assisted by Miss Minerva Cunningham, Miss Velma Tate, and others.

It will be a very interesting program and you will miss a treat if you are absent.

The days are getting longer now, and we have plenty of time to begin Sunday school at 9:45 A. M. now and lets all be here at 9:45 Sunday and begin earlier.

Will you be at Sunday school Sunday?

Come and be here at 9:45 A. M.

W. H. ROWLAND, Supt.

CARD OF THANKS

We desire as best we know to express our appreciation of the many kind deeds and acts of love extended to us in our recent sorrows. In the sickness and death of our dear moth-mother and brother. We are not unmindful of the way you left your own affairs and left nothing undone you could do for our comfort. We also wish to thank you for your beautiful floral offerings, your assistance and kindness have made more bearable our saddened hour of grief and we thank you from the depth of our hearts and pray God to reward you richly, as you have given of your help and sympathies.

Mr. C. L. White of Gap Texas writes the Chief that he had the pleasure of introducing Master Britton Tidmore of that place, a 12 year old youth, to a large and appreciative audience at Literary entertainment held at this place on last Saturday night, April, 8th, who delivered a masterly speech in the interest of the Hon. Oscar Callaway, candidate for Representative of this Congressional District in the National House of Representatives. The little boy handled his subject in a most able and powerful manner, which fairly swept the hearers off their feet, and was a very pleasant surprise to all of them as the little speaker was so youthful and small.

GOD'S PLAN FOR MAN TO RULE.

(Published By Request.)

In the beginning God created first,
I suppose himself, then heaven and earth,
Darkness was on the face of the deep
There was not a living soul here to take a peep.
So God sent dark, then he sent light
Yet there was not a living soul in sight
He then formed a human he called man,
Then a woman made he, we think so grand.
He then gave them knowledge of bad and good,
And put them here to do as best they could
Man and woman he put here pure and undefiled
Till Satan the woman first beguiled.
That was the first fall of man to be
By woman, God said she was weaker than he,
That is why God said, "Woman should not rule,
In man's place and make himself a fool.
For it was the woman who was first deceived
Not man, don't you ever believe
Just search God's word through from lid to lid
And see if woman did lead, no it was man instead.
God considered woman too precious and fair,
To rule or lead, he never did place her there.
So he first sent man to lead and to rule,
So his precious women would not make themselves a fool.
You see he made woman for help mate to man,
First read your old Testament all of which is so true
Then read your new Testament all through and through
Read Timothy Chapter, the second and see what you find
Read Titus the second chapter, if you will be so kind.
1st Corinthians next you should not overlook,
The 14th Chapter in reading over this dear old book.
He never did to woman say, you go lead,
And several times over this book I did read.
God said in Genesis in chapter 3.
To Eve "then husband shall rule over thee,
From the old Testament to the new, and through,
God never did say to man, your wife shall rule over you.

All kinds of field seed, Cane, Maize, Millet, Darso and Sudan can be had from our full stock of planting seeds. Todd & Jennings. 33tf

LITTLE WOMAN GAINS 20 POUNDS TAKING TANLAC

Mrs. B. F. Smith Was in Such Bad Condition She Had To Stay In Bed For Weeks At a Time And Had Given Up Hope of Getting Well.

"I was in such a bad condition I had to stay in bed for weeks at a time and I guess if it hadn't been for Tanlac I never would have seen another well day " said Mrs. B. F. Smith, 3305 Ave. P. Galveston Texas.

"I suffered so much during the past four years from nervousness and stomach trouble that I would almost become hysterical at times. Nobody will ever know just how much I suffered because I can't describe it; I fell off until I only weighed one hundred and ten pounds and had almost lost hope of ever getting well.

Tanlac seemed to get right at the cause of my troubles, and now I am in better health than in ten years I eat anything I want, my digestion is almost perfect and I have gained 20 pounds in weight. No medicine could do more for a person than Tanlac has done for me."

Tanlac is sold in Comanche by the Hamilton Drug Co., and leading druggists. (adv.)

A. C. MOTOR COMPANY CHANGED HANDS MONDAY

A deal was made Monday whereby the A. C. Motor Co., which has been conducted by Vernon Adams for several months, became the property of Atwood Bros., Mr. Jesse Atwood assuming the management of the business.

The A. C. Motor Co., has grown to be a quite successful business since it was established, and that it will continue to enjoy a liberal portion of the public's trade goes without saying, as the new proprietors are well and favorably known throughout Comanche county, and their thorough business training enables them to handle the business in a successful manner.

GUM SPRINGS

We have had several good rains the last week which makes every body feel better and have plenty of work to do.

Mr. Wiley McCarty and family and Miss Ruby Patton and several others from this community attended the program at Duncan Saturday night.

Singing was well attended here Sunday evening, several visitors from Van Dyke, Robersonville and other communities. We welcome everybody to come back next Sunday night.

Mr. Walter Grigsby and family of Van Dyke visited Will McCarty and family Sunday.

Mr. Bob McNutt and family attended the program at Duncan Saturday night.

Miss Mattie Kerley gave the young people a singing Sunday night. All reported a good time.

COWPEAS A SENSIBLE CROP

Central Africa contributed the cowpea to the list of crops grown with profit in Southern States, and it has been worth untold millions to America It is less choice of soils than most crops and will apparently do as well on sandy land as on heavier soils. In fact, a very rich soil is not conducive to best results. As a forage it is proving one of the best crops that can be grown in some sections, and it is equal to most any crop named in soil building.

Cowpeas shouild be planted a few days after corn is in and there is yet time for farmers in the Southwest to plant an acreage sufficient for their requirements for hay and seed. It may be planted along with corn or as a mixture with other crops such as the various sorghums, Sudan grass, soy beans or millet.

According to a late Department bulletin the best method for the production of seed it to sow in rows about three feet a part, with the seeds from two to three inches apart in the row. Although a corn planter may be used for sowing in this way, the most practical method is to use the ordinary grain drill, stopping part of the grain cups so as to leave the rows about 3 feet apart and setting the drill the same as when sowing about two bushels of wheat to the acre.

When cowpeas are grown for forage or green manuring the seeds are sown broadcast or in drill rows six to eight inches apart. The grain drill set to sow about one and one-half bushels of wheat to the acre will be found most satisfactory. If grown for silage with corn, the corn and cowpeas can be sown in one operation, using the ordinary corn planter. If cowpeas are sown in corn at the last cultivation, the common practice is to sow the seeds broadcast at the rate of one to one and one-half bushels to the acre and cover them with a cultivator. Another method is to sow wiith a one-horse wheat drill at the rate of about forty-five pounds to the acre, sowing two or three rows of cowpeas between the rows of corn. Cowpeas and corn are sometimes sown thickly together for hay with excellent results, using about one-half to one bushel of corn and one bushel of cowpeas to the acre. However, when corn makes a very heavy growth cowpeas will not give very good results on accountt of the shade and lack of moisture.

The quantity of seed to be sown to the acre varieties according to the meth od of sowing. With rows twenty-four to forty inches apart, about thirty to forty pounds of seed to the acre will be required. When sown broadcast for hay, green manuring, or soiling about ninety pounds of seed to the acre will be ample.—Farm & Ranch.

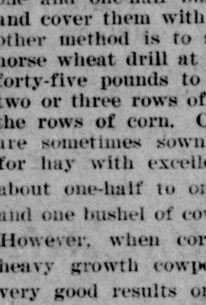
NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health



Hornell, N. Y.—"I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleepnights and had trouble with my bowels and at my periods. It seemed that nearly every one around me knew of your medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. CHAS. BAKER. 21 Spencer Ave., Hornell, N.Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

VAN DYKE.

We sure have had plenty of rain to start crops now, we certainly appreciate it too, and farmers are wearing smiles now instead of a frown.

R. Y. BOWLBY OF KEMP, TEX CANDIDATE FOR GOVERNOR

"To the Democrats of Texas: I take this method of announcing myself as a candidate for Governor of our great State. In asking for this I wish to say that I was born and reared on the farm and have lived in Kaufman county for forty-five years, three years in Denton county. At the age of 25 I moved to the town of Kemp and engaged in the hardware business and have continued in business of different kinds ever since. Later I will canvass the State and give the public my views on the political issues of the day. I shall not make this race on the demeritis of anyone. I will promise the people that there will be no mud-slinging or wind-jamming on my my part. I am a plain business man, and if I am elected I will promise to make the Governor's office a business headquarters for Texas where chronic politicians and demagogues are not welcome. I believe these men should be forever eliminated from the business affairs of our great State, and if you should choose me for your Governor, I shall ask for the following laws to be enacted:

Educational Revival

"I believe there should be a great educational revival in Texas. I shall ask for sufficient funds to run all the free schools nine months in the year regarless as to location. I hope to see the University of Texas the greatest University in America There is no excuse to offer why thirty-five States can be ahead of Texas along educational lines I believe the A. & M. College at Bryan and the School of Industrial Arts at Denton should be brought up to the same standard as the University of Texas. I shall ask and insist on having one more A. & M. College, to be located in West Texas so as to be handy to all parts of the West. I shall also ask for a school of Industrial Arts for girls to be located at a suitable place in Southwest Texas.

"I believe the prison system should be changed altogether. i wil insist on a great walled prison such as other states have with all kinds of factories so as to work all of the intelligent convicts inside of the walls to be located in a high, healthy country near Austin. I believe the convict farms should be cut up in small farms and sold to small farmers on long-time at a reasonable rate of interest. This would help the poor people to get a home. The money, the farms mules, and implements bring would build a new prison system and save the people of Texas at least $1,000,000 a year with first-class business men at its head. The old prison at Huntsville could be used for a negro asylum a thing that is badly needed. I believe there are men who should be paroled. Give them a chance to show the world that they can lead a better life. But there are three crimes I would never grant a pardon for and these crimes are for rape, robbery and the manufacture of whiskey.

For Equal Suffrage.

"I believe in equal suffrage and if you elect me your Governor, I will give both male and female an equal showing. I will ask the Red Cross ladies and club women to select from their organizations ladies who are competent to fill the office of Secretary of State and other minor appointments as I shall appoint a lady Secretary of State if elected. I will also ask the different posts of the Legion of Honor to nominate from their different orders competent men who served in the World War for the different appointments that come under my jurisdiction as I will give preference to the soldier as I will have no political favorites in my administration. Everybody will be selected from a business, moral standpoint.

"I believe in local self government and let each county say who the enforcement officer shall be. I will veto any law that will give the Governor power to say who the enforcement officer shall be in any county in this State. As the law now stands the Governor is commander in chief of all the military and Ranger forces of Texas and he should either enforce the law or resign.

"I am in favor of and will recommend to the Legislature a law regulating the purchases of real estate of every kind, both in town and country, wherein the purchaser of a home makes a cash payment at the time of purchase and gives a note for the balance of the purchase price to be paid in the future, that in the event the purchaser of the property can not meet the payment when due and is willing to pay the taxes, insurance and interest up to date and continues to do so from year to year for ten years, then if full settlement is not made, the holder of notes can proceed to foreclose and collect the debt. But in case the holder of the notes sees fit not to carry or extend the notes ten years and forces a settlement, he shall pay back to the purchases the cash payment made at the time of purchase less all interest to date. In case the holder of the notes is not able to pay back the cash payment, he shall then deed the purchases back enough land to balance the cash payment when first payment was made.

"I shall also ask for a law regulating rents on farm lands and city property wherein a man rents his farm or town property for cash rents, he shall not charge over 15 per cent of its assessed value. This shall apply to all rental property in this State.

"I shall ask for a Mother's Home where aged and dependent women can be cared for in their last days, same as the old soldiier's, and let it come under the same management at Austin as the Confederate Home.

"I shall also ask for a law regulating moving picture shows. I believe in screen pictures for educational purposes and for pastime amusement, pictures that will lead the tender minds to a high ideal of home life and mold noble characters. The present picture shows is the mother of our great crime wave. Murder, robbery, lewd pictures and tragic scenes should be forever abolished. I regard the present day movie to be one of the greatest curses of the age.

"In conclusion will say that I would be glad to hear from every good man and women in Texas who approve my views on public questions for whose support and friendship I will be profoundly grateful."—R. Y. Bowlby, Kemp, Texas.

American ex-service men in New Zealand and Denmark have joined together and formed posts of the American Legion. The ex-service men's organization now has 11,013 separate posts, located in practically every civilized country.

HARMONY

A few from Harmony attended the picnic at Mercer Gap Friday which marked the closing of their school.

Quite a few from this community went to the party at Rape's Friday night.

This is the Stove Polish YOU Should Use

IT'S different from others because more care is taken in the making and the materials used are of higher grade

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.

Black Silk Stove Polish Works
Sterling, Illinois

Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—Prevents rusting. Use Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.

Why the $10.90 USCO is better than just a $10.90 tire

ON November 10, 1921, the 30 x 3½ "Usco" was marked to sell for $10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of *known standards.*

A genuine pioneering step by the makers of U. S. Tires.

* * *

Now comes a lot of different $10.90 tires being rushed into the market. "Special" tires. "New" treads.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "Usco" still occupies a place by itself. A good old standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on *honest quality,* even if it does sell for only ten dollars and ninety cents.

The $10.90 tire with the record of a *proven product.*

The tire that people still buy for the *dignity of its quality* regardless of the low amount they pay.
